2024-80 Facilities Needs Assessments

Addendum #1 – October 22, 2024

We received the following questions regarding this RFQ:

Question #1: Does the county have a timeline in mind for completing the County-wide Facilities Master Plan, Conditions and Needs Assessments?

Answer #1: The County has a tentative timeline schedule for completion of 12-14 months after contract award.

Question #2: We are planning to submit our qualifications for the Will County-wide Facilities Master Plan, Facilities Condition Assessment, and Facilities Needs Assessments. On the submission due date, 10/29, is it acceptable to provide a digital copy of our package along with the tracking number for the hard copies? Or are both the digital and hard copies required to be delivered by 2 PM on 10/29?

Answer #2: The entire response is required to be delivered by the due date listed in the solicitation.
