FROM: Tim Anderson, Tire Event Program Manager  
DATE: March 3, 2026  
RE: BID # 2026-67 – One-Day Tire Collection Contractor Recommendation

---

Upon request by the Will County Land Use Department, Resource Recovery and Energy Division (RRE Division), a request for bids (BID # 2026-67) was issued by the Purchasing Department. The purpose of this bid was to secure a tire recycling company to host a one day tire collection event for residents and farmers of Will County on September 19, 2026, at the Will County Fairgrounds located in Peotone. Treadstone Tire Recycling and Liberty Tire Services were the only two tire companies to respond to the RFP by the deadline date of February 26, 2026.

After reviewing the bid proposals, Treadstone Tire Recycling will be charging \$3,200/trailer of light weight vehicle tires and \$4,200/trailer for oversized/farm tires. An additional labor cost of \$400.00 per trailer on each light weight and oversized/farm tires was added in the RFP along with a \$200.00/per trailer transportation cost. Based on the number of trailers the RRE Division received during the 2023 collection (12 lightweight and 7 over sized) the total cost for Treadstone Tires comes to an estimated \$79,200.00.

Liberty Tire Services will be charging \$2,500.00/trailer of light weight vehicle tires and \$3,200.00/trailer for oversized/farm tires. An additional \$1100.00 labor cost would be added to each trailer for light weight tires and \$3,000.00 for each trailer consisting of over sized tires. Based on the number of trailers the RRE Division received during the 2023 collection (12 light weight and 7 over sized) the total cost for Liberty Tires comes to an estimated \$86,600.

After reviewing the numbers, the RRE Division is recommending Treadstone Tire Recycling. Treadstone Tire Recycling, is also a Will County business located in Joliet. The RRE division has conducted several tire events with Treadstone Tire in the past. The company has been very responsive and efficient with past tire events. Clean up of the site has been pristine, in the past, and conducted in a timely manner.
